DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Claim Objections

I- Claims 28,44 are objected to because of the following informalities: “purified water” lines 9-10, should be --said purified water-- to prevent double inclusion; “second water release means” line 11, should be --second water release valve-- for consistency in the claim; “purified water” line 12, should be --said purified water-- to prevent double inclusion; claim 44, “purified water” in line 3, should be --said purified water-- to prevent double inclusion. Appropriate correction is required.

II- Claim 37 recites the limitation "the operation" in lines 2 and 3. There is insufficient antecedent basis for this limitation in the claim.

III- Claim 38 recites the limitation "the operation" in line 11. There is insufficient antecedent basis for this limitation in the claim.

IV- Claim 44 recites the limitation "the degree" in line 2 and the limitation “the amount” in line 3. There is insufficient antecedent basis for this limitation in the claim.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter
